S P E A K E R :

Natalie Hallman is a teacher, interior designer, and homemaker who brings warmth, creativity, and a deep love for God's Word to all she does. A graduate of Cairn University with a double major in Education and Bible, she has been an active member of Hope Community Church for over twenty years, serving on the Women's Ministry Team for seventeen of those years. Natalie's passion for Scripture and her commitment to encouraging women in their faith have shaped her teaching and leadership.

At this year's Christmas gathering, she will share "**A Journey into the Nativity**" — an inspiring reflection on the faith of three remarkable women who shaped history: Mary's trust, Elizabeth's joy, and Anna's devotion. Through their eyes, Natalie invites us to experience the Nativity anew and to carry its living testimony into our own lives today.
